SEED BANK

2.1 million seeds
• Comprising 103 accessions of 50 species
• Seeds Distributed: 67.27 KGs

TREE NURSERY

20,535
• Comprising 51 species
• 70 have been distributed

PROJECTS STARTED

• Tree nursery expansion
  (additional capacity = ~3000)

PROJECTS FINISHED

• Tree nursery expansion

CONFERENCES & WORKSHOPS

• The Global Biodiversity Standard Training of the Trainers in Arariba Botanic Garden, Brazil.

FIELD TRIPS

• Field trips to Kilimambogo (Kiambu County) to evaluate the Global Biodiversity Standard methodology. The restoration project is run by Rodi Kenya, and funded by Ecosia.

EDUCATION

• Community training on best seed/seedling production practices was conducted in Meru Nyambene.
• Terra Moyo School visit partnered with Forest Foods for 14 children ages 4-5
• EDU with Pepperdine University walk with over 80 people and service learning for 2 days with 14 students.
SAVANNAH HUB

**TREE NURSERY**
- Seedling Count 1640
- Sold 75 seedlings.

**PROJECTS STARTED**
- Collection of succulent plants and wildflowers for the botanical garden.
- 11 succulent species were collected from Naboisho Conservancy.

**RESEARCH STARTED**
- Direct seeding plot monitoring

**RESEARCH FINISHED**
- Collection and pressing of 37 commonly found grass species of mara from Enarau, Naboisho, and Olare Motorogi conservancies core areas.
- Implemented direct seeding plot.
- Compiled a list of pollinators and invasive species of the Maa site for the botanical garden.

**FIELD TRIPS**
- Enarau Conservancy, Olare Motorogi Conservancy, and Naboisho Conservancy core areas for grass surveys and succulent plant collection.

**CONSERVATION SUCCESSES**
- Hosted two interns from Norway through Basecamp Explorer Foundation (BCEF)
- Bird species increased from 83 to 88 identified individuals.

**EDUCATION**
Nursery Survey Kilifi Field Data Collection

Phenology monitoring at Kivukoni Nursery.

Experimental plots for grasses and legumes.

Nursery survey mapping.

Review papers on Coastal Ecosystems

GBS training and certification in Brazil

Green Heart of Kenya - Forest trail, Vegetation Monitoring and baseline survey proposal
